Position the FABRIC LINER/SKIRT (I) onto the bassinet frame with the zippers open. Then wrap the zippers around the metal frame, and zip them shut to securely attach the liner to the frame. Regularly check the zippers to be sure they remain secure.

Make sure insert pin is inserted fully into the retaining box prior to pulling zipper.

**WARNING!**  
To prevent injury from falls or sliding out, you must read and follow all directions in the assembly manual! Be sure that all of the zippers on the bedding, that go around the bassinet frame, are zipped to keep the liner secure!

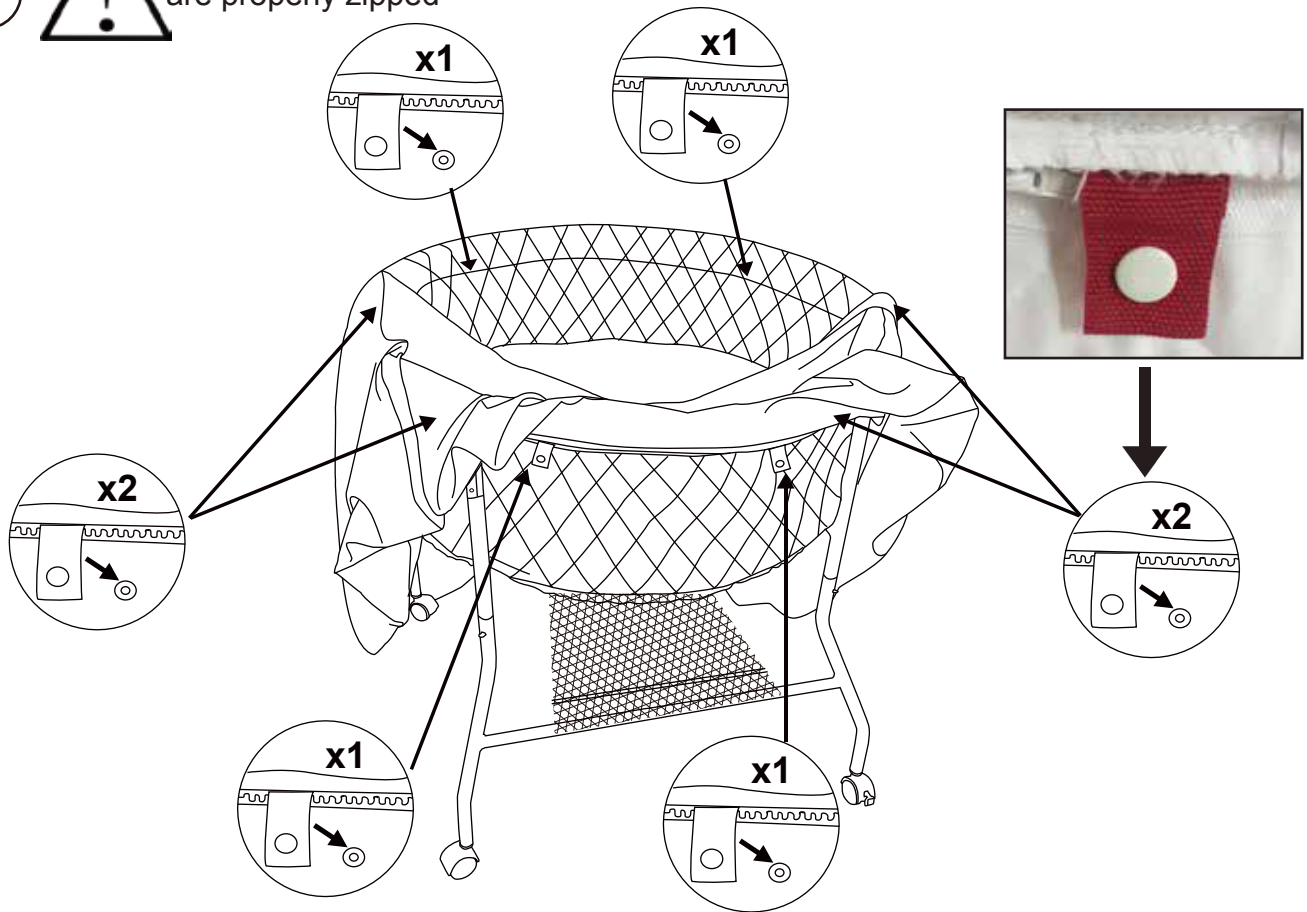

Line up the hole on the Liner/Skirt (I) with the canopy post on the Leg (E).

4

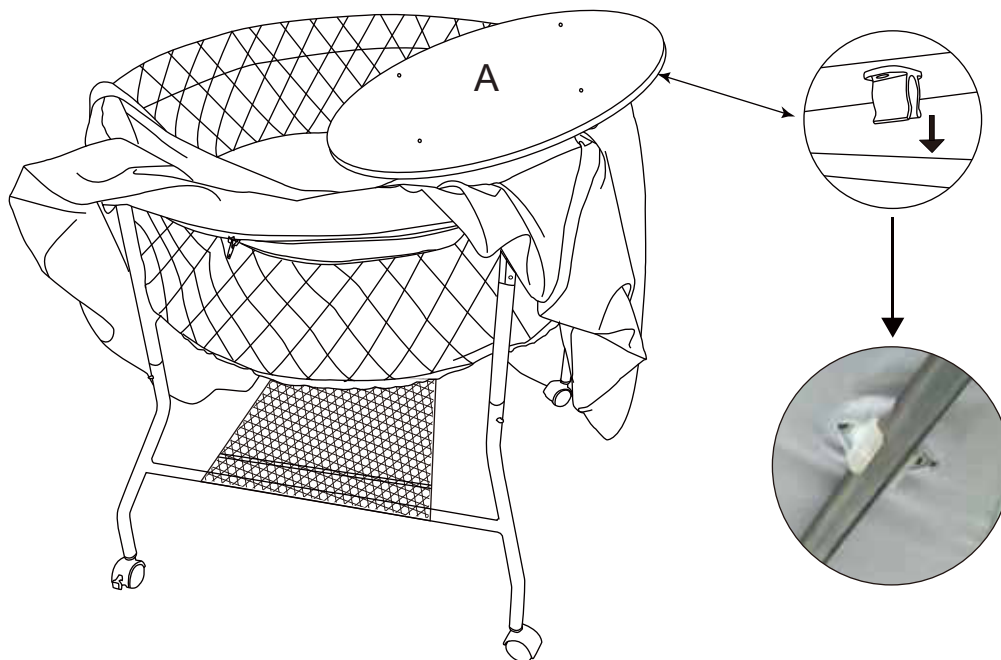

“WARNING: Make sure that ALL 8 red safety snaps are secured after the zippers are properly zipped”

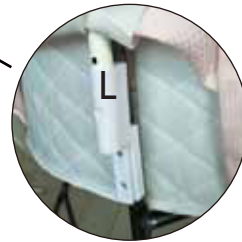

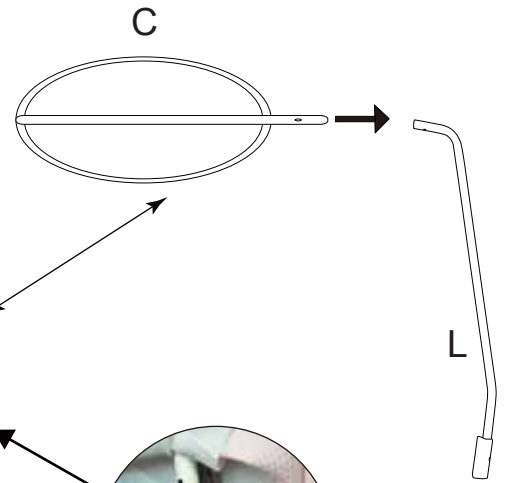

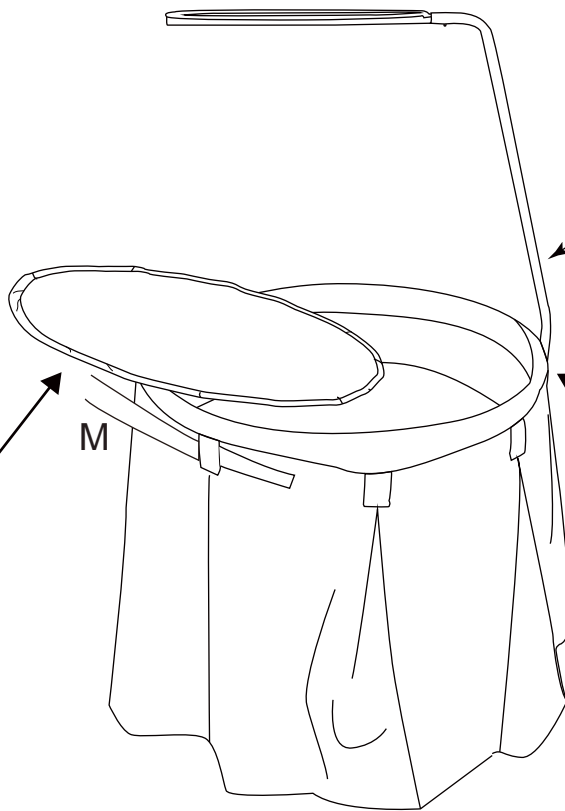

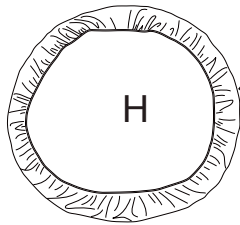

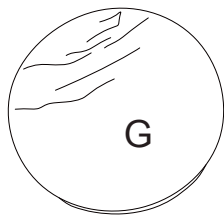

5

Insert the BOTTOM (A). Push the clips through the holes in the fabric and snap them securely to the UPPER LEGS (E and F). It is helpful to have assistance with this step to apply pressure to the BOTTOM (A) on the inside while you position and snap the clips on the outside.
